

GLASS CLEANER

Article code: 1211

**INGENIOUS
CAR CARE**

Products for professionals

Description:

Glass Cleaner is the ideal product for quick and effective cleaning of the car window. Suitable for both the inside and the outside of the car.

Benefits:

- Quickly cleans and degreases the glass surface
- Dries streak-free
- Gives a deep shine
- Easy to remove, does not get stuck during cleaning process
- Removes insect residues very effectively

Application:

Glass Cleaner is used to clean the windows and mirrors of the car. It removes insect residues quickly and effectively. It can also be used on chrome and bodywork.

Glass Cleaner can also be used to remove polish residues on both paintwork and plastic parts.

Directions for use:

Spray Glass Cleaner undiluted onto the glass surface to be cleaned by using a hand sprayer. Let it soak for a while and then rub the car window with paper or a clean cloth. Then rub the glass with the back of the paper or with a clean cloth until high gloss.

Tips & tricks:

Do you want to remove (toll) vignettes or stickers? Then first use the Cartec scraping knife to remove the sticker. You can easily remove other adhesive residues with Glass Cleaner and paper.
