Products for professionals

Description:

Glass Clean & Shine is a quick, effective and completely streak-free glass cleaner which effortlessly removes built up dirt and grime from vehicle windows & windscreens.

Benefits:

- Cleans and degreases quickly the glass surface
- Dries without streaks
- Gives a deep shine
- Pleasant to use, does not get stuck during processing
- Effectively removes insect remains

Application:

Glass Clean & Shine is used for cleaning the windows and mirrors of the car. It removes insect remains quickly and effectively. It can also be used on chrome and bodywork. Glass Clean & Shine can also be used to remove polish residue from paintwork and plastic parts.

Directions for use:

Spray Glass Clean & Shine to the glass surface to be cleaned. Leave for a few seconds and then rub to shine with a clean microfibre cloth.

Tips & Tricks:

In addition to cleaning windows, can also be used to remove adhesive residue from (toll) vignettes or stickers.
