

TEXTILE PROTECTOR

**INGENIOUS
CAR CARE**
Products for professionals

Description:

Cartec Textile Protector can be applied to all textiles and leathers. It protects against water-, grease- and oil-based dirt. Cartec Textile Protector revives the finished surface and restores the water-repellent property of textiles.

Product benefits:

- ✓ Cartec Textile Protector is applicable to almost all textiles and leathers
- ✓ The product gives a nice finish and does not make the surface slippery
- ✓ The product does not contain silicones
- ✓ Cartec Textile Protector ensures that the surface continues to breathe. This makes it very suitable for protecting leather

Application:

Textile Protector protects cleaned textiles such as carpet, upholstery, alcantara and leather from soiling and stains.

Instructions for use:

⚠ Process the product in a well-ventilated area. For safety reasons, the use of a mask is advised.

When used on textiles:

1. Pre-clean the textile with Cartec Textile Cleaner (1204) or Cartec Interior Cleaner (1205) and allow textile to dry before applying Cartec Textile Protector.
2. Spray the textile with 1 thick layer with Cartec Textile Protector. Make sure the surface is completely wetted. Avoid the formation of drops.
3. Allow the treated surface to dry for 2 to 3 hours.

When used on leather:

1. Pre-clean the leather with Cartec Interior Cleaner (1205) and allow the leather to dry.
2. Spray Cartec Textile Protector on the application sponge (3211/1) and apply in 3 coats. Give the product a drying time of 30 minutes per coat.

Tips & Tricks:

- ✓ Can be used on boat and caravan upholstery.
- ✓ Suitable for protecting furniture, curtains, table linen and lampshades.
- ✓ Also suitable for garden furniture and awnings.
