Products for professionals

## Description:

Cartec Industrial Clean XR500 is a highly effective industrial cleaner and degreaser that is excellent for effectively removing (dried-in) oils and greases.

## Product benefits:

- ✓ Multiple mixing ratios possible depending on contamination
- ✓ Free of solvents
- ✓ Very suitable for animal and vegetable fats
- ✓ Multifunctional use
- ✓ Powerful and fast cleaning

## Application:

Cartec Industrial Clean XR500 is suitable for cleaning and degreasing engines, cranes, machinery, machine parts, tools, floors and other operating equipment, including agricultural equipment and facilities, in the industrial and commercial environment.

## Instructions for use:

⚠ Always check the product in an inconspicuous place before use to prevent possible damage. Process the product in a well-ventilated area and do not let it dry.

1. Dilute Industrial Clean XR500 1:1 - 1:10 with water, depending on the contamination.
2. Apply the product with a pressure pump (3112/10) and let it act for about 1 minute.
3. Rinse with warm water or with a pressure washer.

## Tips & Tricks:

- ✓ From dilution 1:20 also suitable as a pre-cleaner on vehicles
