Products for professionals

Description:

Dashboard Lotion is the ideal product for renewing vehicle interiors. It restores plastic, vinyl and leather to a “as new” finish with a dry and non-greasy finish.

Benefits:

- Does not leave a greasy residue
- Silky and original result
- Has a slight cleaning effect
- Pleasant fragrance
- Fast end result
- Silicone-based formula

Application:

Dashboard Lotion is a nourishing lotion for all plastic parts in the interior of the car. Dashboard Lotion gives a silk-matt and original result to handles, door panels, dashboard, consoles and control buttons. It can also be used on wooden trim and leather surfaces. It has a light cleaning effect when applied.

Directions for use:

Lightly spray Dashboard Lotion to any hard interior surface to be treated and rub evenly with a clean cloth or sponge. Shake well before use.

Tips & Tricks:

- By using a brush or brush, hard-to-reach places such as grates can be treated.
- Also suitable for restoring the color of rubber mats. Spray the cleaned mat with Dashboard Lotion and let it dry for a few minutes. Then rub on with a clean cloth for an even and renewed end result.
